Their Business Booming.

Probably no one thing has caused such a general revival of trade at C. A. Wells & Co's Drug Store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.

In the Prospectus

which we received recently from the YOUTH'S COMPANION office, we notice an array of noted contributors which promises unusual excellence for the coming volume. First among them is the Right Hon. W. E. Gladstone, affectionately called the "Grand Old Man," the greatest of living statesmen, who writes on "The Future of the English-Speaking Races." Then General Lord Wolseley, who will tell of his strange personal adventures in the field with the British armies. Then Prof. Tyndall, and Justin McCarthy, who writes of "Leaders in the House of Lords," Archdeacon Farrar, on "Professions and their Struggles," and Prof. Huxley. Among American contributors we find such well-known names as Lieutenant Schwatka, who writes of "Tight Pinches in the Arctic," Andrew Carnegie, on "Bits of Advice to Young Men," Dr. Austin Flint, Judge Oliver Wendell Holmes, Jr., on "Young Men in the Law," Admiral Luca, Colonel Thomas W. Knox, James Parton, and at least one hundred others.

THE COMPANION is a welcome visitor weekly in more than 400,000 families, and has won a place in home life obtained by no other publication. The wonder is how any family can do without it. The publishers announce that any new subscriber who sends \$1.75 now, can have the COMPANION free every week to January 1, 1889, and for a full year from that date.
